Comments and advices

Instructions

- 1 Find yourself a gift and write your name next to one or more categories.
 - 2 Cut along the dotted line the sheet in two parts.
 - 3 Fold and glue the larger part according the markings on the back, until you get an envelope.
 - 4 Put the amount of your gift in the envelope and seal it well.
 - 5 Stamp and post it. You can also hand over it personally of course.
- If you have selected "babysitting", you can specify the amount of hours.
- If you want to provide us something (doing us a big favor), write it, so we avoid double purchases.
- If you have already prepared/bought/considered to buy something, or you just do not trust our taste, then "Other" is your right choice.
- Each advice is particularly welcome, since the experiences are very limited so far.
- We do not know how you think, but we have no great confidence in sending cash.
- That is why you can find attached the bank details.
- You can also contact us personally if you prefer any other way: giving money to the bank, is not necessarily pleasant.
